

HRA Pharma To Acquire the Mederma® Brand from Merz Pharmaceuticals GmbH

Paris, France and Frankfurt, Germany – 26 April 2019 – Laboratoire HRA Pharma SAS, a fast-growing, innovative global consumer healthcare company, and Merz, a global leader in aesthetics and neurotoxins, announced today that they have signed an asset purchase agreement, pursuant to which HRA Pharma will acquire the global rights to the Mederma® brand, which includes products across the scar care, stretch marks and skin care categories.

“The acquisition of Mederma® provides HRA Pharma with access to the world’s biggest Consumer Healthcare market and is another step in building a strong portfolio of leading brands. After the acquisition of Compeed® in 2017, this new strategic acquisition in the US confirms HRA’s ambition to become one of the fastest growing CHC company in the world”, said David Wright, CEO of HRA Pharma.

With the addition of Mederma® to its portfolio, HRA Pharma now has a solid consumer healthcare platform in the US and intends to pursue its development combining ambitious organic growth, launches of innovative Rx to OTC switches, and other targeted acquisitions.

Mederma® is the US market leader in scar care and has been named a #1 Pharmacist Recommended brand by *Pharmacy Times* and *U.S. News & World Report* for the past 17 years. While the US is the largest market for Mederma®, the products are also available in a number of additional countries in Europe, Latin America and Asia Pacific.

“Our decision to divest Mederma® emphasizes Merz’s continued strategic focus on aesthetics and neurotoxins. Mederma® has been a strong and valuable brand for Merz for more than two decades, and we are grateful for the success and excellent reputation that the products have enjoyed over the years,” said Jörg Bergler, Global Head of Corporate Development for Merz. “Today, we are pleased to announce the conclusion of what was a very competitive divestiture process, and we are confident that the Mederma® brand will find continued success as a part of the HRA Pharma portfolio, due to their dedicated focus on consumer healthcare.”

Subject to customary closing conditions and regulatory approvals, the transaction is expected to close within the second quarter of 2019. The terms of this agreement, which includes the sale of the Mederma®, Mederma® AG, Eldertonic® and Nu-Iron® products, were not disclosed.

About Mederma®

The Mederma® brand offers a range of over-the-counter products across the scar care, stretch marks and skin care categories.

- The Mederma® scar care line includes four different options to improve the appearance of old and new scars caused by cuts, scrapes, burns, acne and surgery, including: Mederma® Advanced Scar Gel, Mederma® Scar Cream Plus SPF 30, Mederma® PM Intensive Overnight Scar Cream, Mederma® For Kids™.
-

- Mederma® products in the stretch marks category include: Mederma® Stretch Marks Therapy, a nourishing cream formula to help prevent and improve the appearance of new and existing stretch marks, and Mederma® Quick Dry Oil, a multi-use product for use on scars, stretch marks, uneven skin tone and dry skin.
- Mederma® AG is a complete skincare line with five products formulated with glycolic acid to exfoliate and hydrate skin. The products include: Mederma® AG Facial Cleanser, Mederma® AG Facial Toner, Mederma® AG Face Cream, Mederma® AG Body Cleanser and Mederma® AG Hand & Body Lotion.
